Adopted

ASEAN LEADERS' REVIEW AND DECISION
ON THE IMPLEMENTATION OF THE FIVE-POINT CONSENSUS
Manila, Philippines
15 November 2026

1. We reviewed the implementation of the Five-Point Consensus (5PC) and took note of the recommendations of the ASEAN Foreign Ministers' Meetings on 21 July and 14 November 2026.

REVIEW

2. We discussed the developments in Myanmar and expressed deep concern over the conflicts and humanitarian situation in the country, as well as encouraged substantive progress in the implementation of the 5PC and underscored the need for ASEAN to calibrate its engagement with Myanmar based on developments on the ground, in a manner that encourages further progress in the implementation of the 5PC. We denounced the acts of violence in Myanmar against civilians and public facilities, and urged all parties involved to take concrete action to immediately halt indiscriminate violence, denounce any escalation, exercise utmost restraint, ensure the protection and safety of all civilians and civilian infrastructures, and create a conducive environment for the delivery of humanitarian assistance to the people in need in Myanmar and inclusive national political dialogue.

3. We reaffirmed ASEAN's continuous commitment to assisting Myanmar in finding a peaceful and durable solution to the ongoing situation, as Myanmar remains an integral part of ASEAN.

4. We appreciated the ASEAN Chair's efforts to ensure progress on the implementation of the 5PC in its entirety, with the sole objective of restoring peace, stability, and democracy, through a Myanmar-owned and -led approach.

5. We welcomed the visits of the Secretary of Foreign Affairs H.E. Ma. Theresa P. Lazaro, in her capacity as the Special Envoy of the ASEAN Chair on Myanmar, to Nay Pyi Taw on 6 January 2026 and 29 October 2026, as part of her mandate to meet with all parties concerned in Myanmar. We welcomed the ASEAN Coordinating Centre for Humanitarian Assistance on disaster management (AHA Centre) ASEAN Monitoring Team Mission to Myanmar that was led by the Special Envoy of the ASEAN Chair on Myanmar, on 28 October 2026, which marked the start of a month long distribution of humanitarian support to over 11,000 households including in four new priority townships not previously reached by the AHA Centre, as well as Myanmar's openness to further expand humanitarian access to other areas.

6. We commended the work of the ASEAN Chair, through its Special Envoy, in establishing inclusive engagements with all relevant stakeholders in Myanmar by promoting national

inclusive dialogue, reaching out to parties concerned, including regional and international organisations, in a sustainable manner, towards reaching a Myanmar-owned and -led resolution to the situation in Myanmar. We further commended the Special Envoy's engagements with Myanmar stakeholders, either bilaterally or through specific platforms such as the Myanmar Stakeholders' Meeting in Tagaytay, Philippines from 19 to 20 January 2026 and the Informal Meetings of the Special Envoy of the ASEAN Chair on Myanmar with Myanmar Ethnic Armed Organizations (EAOs) and representatives of the National Solidarity and Peacemaking Negotiation Committee (NSPNC) on 13 July 2026 in Pattaya, Thailand. We also noted the Special Envoy's remaining planned engagements before the end of her term.

7. We acknowledge the ongoing efforts by Myanmar, including the sustained dialogue with Nationwide Ceasefire Agreement (NCA) signatories and some non-NCA signatories, political parties, peace facilitators, and other relevant stakeholders and welcome Myanmar's will to move towards national reconciliation.

8. We further recognised that a sustainable, objective and inclusive ASEAN approach is a crucial step to building trust and bridging differences among different stakeholders, facilitating the safe delivery of humanitarian assistance to the people in need in Myanmar without discrimination, and promoting cessation of violence and establishing inclusive national dialogue.

9. We appreciated the contributions by ASEAN Member States, external partners, the United Nations (UN), the private sector and the continued support from all stakeholders in Myanmar that have enabled the AHA Centre to ensure an effective response and continue to provide humanitarian assistance to the people of Myanmar in an inclusive manner to Internally Displaced Persons (IDPs) in Myanmar, according to the Joint Needs Assessment (JNA).

10. We welcomed the progress of the provision of ASEAN Humanitarian Assistance under Phase 2 (Life- Sustaining) by the AHA Centre in coordination with Myanmar to implement Point 4 of the ASEAN Leaders' 5PC.

11. We noted with appreciation the continued support from the international community, particularly the UN, for ASEAN's efforts in the implementation of the 5PC, as it remains critical in helping the people of Myanmar to achieve a Myanmar-owned and -led peaceful and durable solution through inclusive national dialogue. We took note of the Special Envoy of the ASEAN Chair on Myanmar's briefing before the United Nations Security Council on 6 March 2026.

12. We recalled the informal meeting on 12 July 2026 in Bangkok, Thailand, guided by the mandate to continue constructive and principled engagement with Myanmar consistent with the 5PC. We also noted the conclusion of the three phases of Myanmar's general elections and the succeeding developments, including the formation of Myanmar's ASEAN Affairs Committee on 29 September 2026. We also took note of Myanmar's communication dated 14 October 2026 on Myanmar's efforts towards peace, stability and development.

13. We noted that the Special Envoy of the ASEAN Chair on Myanmar briefed on the Progress on the Implementation of the Five-Point Consensus during the Extended

Informal Consultations on 28 January 2026, 12 July 2026, 21 July 2026 and 14 November 2026.

14. We acknowledged the Chair's comprehensive report on the 5PC implementation and, in line with the assessment of the report, reiterated our deep concern over the insufficient progress in the implementation of the 5PC, while noting limited progress in the provision of humanitarian assistance through the AHA Centre. Therefore, we agreed on the following:

DECISIONS

15. Reaffirm the 5PC as the main reference for addressing the political crisis in Myanmar and urge its full implementation to help the people of Myanmar achieve an inclusive and durable peaceful resolution that is Myanmar-owned and -led, towards the betterment of the people of Myanmar, hence contributing to peace, security, and stability in the region.

16. Urge all parties and stakeholders concerned in Myanmar, in particular the armed forces, security forces, and armed groups, to de-escalate violence and stop targeted attacks against civilians and civilian infrastructure, and enhance trust- building efforts. We reiterate our call for the cessation of violence and underscored the importance of a sustained nationwide ceasefire in Myanmar, towards creating a safe and conducive environment for the delivery of humanitarian aid and assistance to all those in need and for an inclusive national dialogue, consistent with the 5PC.

17. Advance the safe, effective, and transparent delivery of ASEAN humanitarian assistance based on the Joint Needs Assessment (JNA) by the AHA Centre with the continued support of relevant stakeholders in Myanmar. Ensure that assistance can directly reach IDPs affected by the ongoing armed conflicts, while adapting to the evolving humanitarian needs and challenges on the ground.

18. Encourage our regional and external partners and other international partners to scale up their financial support towards ensuring the continuation of efforts undertaken by the AHA Centre in extending delivery of humanitarian assistance to the people of Myanmar. We also call on Myanmar to continue facilitating the delivery of humanitarian assistance in Myanmar, and to ensure the safe, timely, effective and transparent delivery of humanitarian assistance without discrimination, such as by allowing the AHA Centre and other humanitarian organisations to expand the provision of humanitarian assistance for unserved communities in need, including those in the list of priority townships identified by the AHA Centre.

19. Continue engagements with all relevant stakeholders in Myanmar by the Special Envoy of the ASEAN Chair, with the support of ASEAN Member States and Myanmar's neighbouring countries as relevant and appropriate in line with the 5PC to build trust toward convening an inclusive national dialogue, with the aim of achieving a durable peaceful resolution to the crisis that is Myanmar- owned and-led.

20. Task the Foreign Ministers to continue constructive and principled engagement with Myanmar, including by convening informal discussions in accordance with the 5PC. We also encourage efforts by individual ASEAN Member States through constructive

engagement with all relevant stakeholders, in consultation with the ASEAN Chair, to advance substantive progress in the implementation of the 5PC.

21. Encourage close coordination between the Special Envoy of the ASEAN Chair and the Special Envoy of the UN Secretary-General on Myanmar. We further underline the importance of ASEAN Member States being informed and engaged in such processes.

22. Enhance continued coordination among the previous, current and incoming Chair of ASEAN to ensure policy coherence, seamless transitions, and sustained follow-through on the implementation of the 5PC, as well as with other ASEAN Member States.

23. Acknowledge the efforts of the Senior Officials in deliberating the proposal on a longer-term ASEAN Special Envoy on Myanmar to ensure continuity in the role as well as elements for assessing progress in Myanmar. We task Senior Officials to build on these deliberations and continue exploring possible ways forward to advance the implementation of the 5PC.

24. Continue to uphold the collective ASEAN decision of the 40th, 41st, 43rd, 44th, 45th, 46th, 47th, and 48th ASEAN Summits regarding Myanmar's non-political representation at ASEAN Summits and ASEAN Foreign Ministers' Meetings until there is meaningful progress in the implementation of the 5PC. Myanmar's participation in other meetings of ASEAN sectoral ministerial bodies or mechanisms should be unrestricted at all levels

25. Pursue a calibrated engagement with Myanmar through a phased and progress-based approach, taking into account developments on the ground. Subject to sustained and concrete progress in the implementation of the 5PC by Myanmar, ASEAN may consider the gradual restoration of Myanmar's full political representation.

26. Reiterate that the crisis in Myanmar should not affect the ASEAN Community-building process and decision-making, as we pledge to continue working together in the maintenance and promotion of peace, security, and stability.

27. Maintain that following the Singapore Chairmanship of ASEAN in 2027, subsequent rotation of Chairmanship shall continue to be based on alphabetical order, until a different decision is made.

28. Reaffirm our commitment to strengthen cooperation among ASEAN Member States, and between ASEAN and its External Partners, as well as with neighbouring countries of Myanmar, and the UN with a view to supporting ASEAN efforts to address the crisis in Myanmar and in combating transnational crimes including human trafficking, drugs trafficking, displacement, cyber threats, online scams and other security risks.

29. We shall review the above decision at our future sessions and mandate the ASEAN Foreign Ministers to continue monitoring progress and report to the next ASEAN Summit.
